### **Entrepreneurship Awareness Programme**

In this financial year 2019-2020, our NGO North East Zone Welfare Development Society has organized Entrepreneurship Awareness Programme in Hatsingimari and Mankachar college of South Salmara Mankachar District, Assam. This programme is only for nine days, about eighty(80) students in each programme total Two forty students both male and female took part in this Entrepreneurship awareness programme. In Hatsingimari college the programme is conducted two times once with students and with small entrepreneurship businessmen. The main objective of this programme is to identify viable, sector wise innovative projects and ensure its commercialization to ensure individual and overall growth.

To create a database of innovations in the sectors identified, float a conducive ecosystem for knowledge dissemination and its application at grass root level, to ensure propagation of innovations projects through awareness , commercialize innovations, to provide follow up support and extend strategic assistance for tangible results, to facilitate network developing for forward and backward linkages, to implement reporting mechanism, to enable monitoring , handholding and evaluation of the project and to undertake research and documentation activities of the project.

## **ACTIVITY – II .**

**NAME OF ACTIVITY : VILLAGE WATER & SANITATION COMMITTEE (VWSC) UNDER NIRMAL BHARAT ABHIJAN (NBA).**

Individual Health and hygiene is largely dependent on adequate availability of drinking water and proper sanitation. There is, therefore, a direct relationship between water, sanitation and health. Consumption of unsafe drinking water, improper disposal of human excreta, improper environmental sanitation and lack of personal and food hygiene have been major causes of many diseases in developing countries. India is no exception to this. The concept of sanitation was expanded to include personal hygiene, home sanitation, safe water, garbage disposal, excreta

disposal and waste water disposal. With this broader concept of sanitation, CRSP adopted a "demand driven" approach with the name "Total Sanitation Campaign" (TSC) with effect from 1999. The revised approach emphasized more on Information, Education and Communication (IEC), Human Resource Development, Capacity Development activities to increase awareness among the rural people and generation of demand for sanitary facilities. This enhanced people's capacity to choose appropriate options through alternate delivery mechanisms as per their economic condition.

**KEY ISSUE:-** The Programme was implemented with focus on community-led and people centered initiatives. Financial incentives were provided to Below Poverty Line (BPL) households for construction and usage of individual house hold latrines (IHHL) in recognition of their achievements. Assistance was also extended for construction of school toilet units, Anganwadi toilets and Community Sanitary Complexes (CSC) apart from undertaking activities under Solid and Liquid Waste Management (SLWM). To give a fillip to the TSC, Government of India also launched the Nirmal Gram Puraskar (NGP) that sought to recognise the achievements and efforts made in ensuring full sanitation coverage.

The objective is to accelerate the sanitation coverage in the rural areas so as to comprehensively cover the rural community through renewed strategies and saturation approach. Nirmal Bharat Abhiyan (NBA) envisages covering the entire community for saturated outcomes with a view to create Nirmal Gram Panchayats with following priorities: c Soygaon and Rangia Block in Kamrup District. And hence this organization North East Zone Welfare Development Society has completed One Hundred forty eight individual house hold latrines (IHHL) and was also extended for construction of school toilet units, Anganwadi toilets and Community Sanitary Complexes (CSC) apart from undertaking activities under

Solid and Liquid Waste Management (SLWM). To give a fillip to the TSC, Government of India also launched the Nirmal Gram Puraskar (NGP) that sought to recognise the achievements and efforts made in ensuring full sanitation coverage.

Beside this in this financial year 2019- 2020, this NGO North East Zone Welfare Development Society selected as a representatives of Farmers Club Promoting Institution/Agency (FCPI) by NATIONAL BANK FOR AGRICULTURE AND RURAL DEVOLVEMENT (NABARD) for formation of Farmers' club and launching of Farmers' club. ### **ACTIVITY –XI.**

#### **NAME OF ACTIVITY : YOGA CAMP**

Culture of Yoga is a collective word. It nurtures people, nurtures communities, empires, and nations. It is an identity, not only clothes, art, art forms but also thought and behavior and in the way we relate to the known and the unknown. It defines the Macro Person called the community and its relationship with the Micro Person called the individual. It brings unity and not uniformity, for the culture celebrates variety. Lack of understanding of this strength leads to conflicts; clear understanding leads to meaningful, sustainable and harmonious development. Development takes place when culture, cultural forms are validated to meet the needs of the time."

Despite being humble and frugal most of the time, yoga camps are also a great way to experience yoga. Yoga camps for adults allow you to meet new friends and practice yoga in a nice environment. Choose between an intensive yoga boot camp or a beginner course.

**NAME OF DIGNITARIES :-** Khalilur Rahman, Chief Functionary .

**PROJECT MANAGER :-** Sangita Borah

A culture and eco system where they can earn, live and sustain with dignity and respect. We organize several activities and we encourage them to take participate in all the activities.

**ACTIVITY –XVI.****NAME OF ACTIVITY : AWARENESS CAMP ON WOMEN AND CHILD TRAFFICKING.**

Awareness is only the first step. Prevention is crucial if we are ever going to end trafficking. We believe that many forms of human trafficking can be prevented when people are aware of the crime and understand how traffickers lure people into modern-day slavery. We have developed to educate those who are particularly targeted in our country — youth between the ages of 10 and 15 — and to train those who want to use art to educate others about human trafficking. While we recognize that females are often victims, we also know the power of women’s voices and action. We are just as dedicated to engaging men and boys in the fight against trafficking and to educating, protecting and empowering them as well. Awareness of the crime of human trafficking is the first step to eradicating modern slavery. It is the mission is to prevent human trafficking by empowering individuals through education and collaborative action India.

Working with youth to empower them to fight human trafficking and to protect themselves and educate others is critical to prevention. Helping businesses and agencies which may encounter trafficking to intervene safely to get the victims help by developing protocols to collaborate with victim services and law enforcement is also necessary.

**NAME OF DIGNITARIES :-** Khalilur Rahman,  
Chief Functionary .

**PROJECT MANAGER :-** Sangita Borah

**Participants**

In this financial year 2019-2020, our N.G.O. North East Zone Welfare Development Society conduct a free awareness camp in the school regarding women trafficking and teach how to protect themselves. All the girls studying in 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup>, 9<sup>th</sup> to 12<sup>th</sup> standards were sensitized under this programme. A number of 89 girls were sensitized across all the districts. Three teachers from each cluster who are good at training skills were selected and trained. These teachers were worked as facilitators.

These trained teachers were conducted awareness programme during were assigned the task of managing the programme. It was really fulfilling that an opportunity was provided to girls to know about the issues of adolescence, which helped them to relate. In these

camps children asked many questions to the facilitators without any shy because answering persons are their teachers. They clarified their doubts and problems which are facing. Another one thing is that teachers also shared their experiences. Experts belong to this field also guided them based on scientific information.
